

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Zdrok CSMA BLT, LLC
DOCKET NO.: 17-28649.001-R-1
PARCEL NO.: 28-17-222-002-0000

The parties of record before the Property Tax Appeal Board are Kenneth Zdrok CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,475
IMPR.: \$10,117
TOTAL: \$12,592

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,023 square feet of living area. The dwelling is 52 years old and has a finished partial basement. Other features include central air conditioning and an attached 1-car garage. The property has a 6,600 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are class 2-03 dwellings of frame construction that range in size from 1,092 to 1,236 square feet of living area. The homes range in age from 59 to 62 years old. One

comparable has a full unfinished basement, two comparables have crawl-space foundations and one comparable has a slab foundation. Three comparables each have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$6,739 to \$9,635 or from \$5.89 to \$7.80 per square foot of living area.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$9,953.

The appellant's submission revealed that the subject has a total assessment of \$12,592. The subject property has an improvement assessment of \$10,117 or \$9.89 per square foot of living area.

The board of review did not timely submit any evidence in support of the assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code 1910.40(a) & 1910.69(a)).

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity to be appellant's comparables. These comparables are similar to the subject in location and building classification. However, the comparables are inferior to the subject due to their lack of a finished partial basement, like the subject. In addition, the comparables are older and lack central air conditioning when compared to the subject. Nevertheless, the appellant's comparables have improvement assessments ranging from \$6,739 to \$9,635 or from \$5.89 to \$7.80 per square foot of living area. The subject's improvement assessment of \$10,117 or \$9.89 per square foot of living area falls above the range established by the only comparables in the record. However, after considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's higher improvement assessment is justified. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
