

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Zdrok CSMA BLT, LLC  
DOCKET NO.: 17-28697.001-R-1  
PARCEL NO.: 23-24-214-013-0000

The parties of record before the Property Tax Appeal Board are Kenneth Zdrok CSMA BLT, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,750  
**IMPR.:** \$10,898  
**TOTAL:** \$14,648

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction with 1,115 square feet of living area. The home is 63 years old and has a crawl-space foundation. The subject also has a 1.5-car detached garage. The property has a 6,250 square foot site and is located in Worth, Palos Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are class 2-03 dwellings of frame or frame and masonry construction that range in size from 1,200 to 1,403 square feet of living area. The homes are either 60 or 66 years old and have crawl-space foundations. One comparable has central air conditioning and a fireplace.

Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$5,729 to \$8,005 or from \$4.08 to \$6.30 per square foot of living area.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$9,838.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$14,648. The subject property has an improvement assessment of \$10,898 or \$9.77 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are one-story class 2-03 dwellings of frame construction that range in size from 1,072 to 1,115 square feet of living area. The homes are either 63 or 64 years old and have crawl-space foundations. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$10,768 to \$11,694 or from \$9.97 to \$10.90 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3, due to their larger sizes and/or their dissimilar features when compared to the subject. The Board finds the parties' remaining comparables are most similar to the subject in location, building classification, age, size and features. These comparables have improvement assessments ranging from of \$7,554 to \$11,694 or from \$6.30 to \$10.90 per square foot of living area. The subject's improvement assessment of \$10,898 or \$9.77 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
