

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Zdrok SFR CHI I, LLC
DOCKET NO.: 17-28701.001-R-1
PARCEL NO.: 28-26-310-017-0000

The parties of record before the Property Tax Appeal Board are Kenneth Zdrok SFR CHI I, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,996
IMPR.: \$6,729
TOTAL: \$8,725

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 918 square feet of living area. The dwelling is 46 years old. Features of the home include a full finished basement, central air conditioning and a detached 2-car garage. The property has a 7,260 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are class 2-02 dwellings of frame construction that contain either 960 or 987 square feet of living area. The homes range in age from 45 to 55 years old. The comparables have slab

foundations and garages ranging in size from a 1-car to a 2.5-car. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$4,449 to \$4,912 or from \$4.63 to \$5.12 per square foot of living area.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$6,412.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,725. The subject property has an improvement assessment of \$6,729 or \$7.33 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on seven comparable properties that are located within the same neighborhood code as the subject. The comparables are one-story class 2-02 dwellings of frame or frame and masonry construction that range in size from 906 to 925 square feet of living area. The homes are 46 years old. The comparables have full basements, five of which have finished area and garages ranging in size from a 1-car to a 2.5-car. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$7,006 to \$11,844 or from \$7.73 to \$12.80 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eleven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their dissimilar slab foundations, when compared to the subject. The Board finds the board of review's comparables are most similar to the subject in location, building classification, age, size and features. These comparables have improvement assessments ranging from of \$7,006 to \$11,844 or from \$7.73 to \$12.80 per square foot of living area. The subject's improvement assessment of \$6,729 or \$7.33 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
