

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Andrews  
DOCKET NO.: 17-29079.001-R-1  
PARCEL NO.: 18-30-403-002-0000

The parties of record before the Property Tax Appeal Board are George Andrews, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,928  
**IMPR.:** \$83,054  
**TOTAL:** \$96,982

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 4,987 square feet of living area. The dwelling is approximately 1 year old. Features of the home include a full basement with finished area, central air conditioning, three fireplaces and a four-car garage. The property has a 21,429 square foot site and is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,006 to 4,970 square feet of living area. The comparables

range in age from 16 to 60 years old and have partial or full basements with one having finished basement area. Each comparable has central air conditioning, one or two fireplaces and a 2-car, a 3-car, or a 3.5-car garage. The comparables have improvement assessments ranging from \$50,034 to \$70,715 or from \$11.70 to \$14.23 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$63,883 or \$12.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,982. The subject property has an improvement assessment of \$83,054 or \$16.65 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on one equity comparable located outside of the subject's assessment neighborhood code. The comparable is improved with a two-story dwelling of stucco exterior construction with 5,037 square feet of living area and is 4 years old. The comparable has a full basement with finished area. Other features include central air conditioning and a four-car garage. The comparable has an improvement assessment of \$246,686 or \$48.97 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains four equity comparables for the Board's consideration. The Board gave less weight to the board of review comparable which is not located in the subject's assessment neighborhood code. The Board also gave less weight to appellant's comparable #2 due to its considerably smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3. However, both comparables require upward adjustments due to inferior differences in age and features. These comparables have improvement assessments of \$57,218 and \$70,715 or for \$11.70 and \$14.23 per square foot of living area. The subject's improvement assessment of \$83,054 or \$16.65 per square foot of living area, is greater than the improvement assessment and the improvement assessment per square of the two best comparables in this record. However, after considering adjustments to the comparables for differences including age and features when compared to the subject, the Board finds the subject's improvement assessment is equitably assessed. Based on this evidence, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
