

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rembert McNeer  
DOCKET NO.: 17-29092.001-R-1  
PARCEL NO.: 18-09-116-024-0000

The parties of record before the Property Tax Appeal Board are Rembert McNeer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,231  
**IMPR.:** \$90,185  
**TOTAL:** \$95,416

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,951 square feet of living area. The dwelling is approximately 10 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a two-car garage. The property has a 6,750 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-08 dwellings of frame and masonry or masonry exterior construction that range in size from 4,041 to 4,238 square feet of living area and range in age from 1 to 22 years

old. The comparables have partial or full basements with one having finished basement area. Other features of each comparable include central air conditioning, one or two fireplaces and a 2-car, a 2.5-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$79,080 to \$89,867 or from \$19.23 to \$21.79 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$81,470 or \$20.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$95,416. The subject has an improvement assessment of \$90,185 or \$22.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with two-story, class 2-08 dwellings of frame or masonry exterior construction that range in size from 3,802 to 4,081 square feet of living area and range in age from 7 to 18 years old. The comparables have full basements with two having finished area. Other features of each comparable include central air conditioning, one or two fireplaces and 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$89,135 to \$98,716 or from \$23.13 to \$24.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration, none of which are truly similar to the subject due to differences in age, building size and/or features. For example, three of the appellant's comparables are considerably newer dwellings, three have significantly smaller building sizes, and two comparables lack a garage when compared to the subject. As to the board of review comparables, all have significantly smaller building sizes and three have unfinished basements when compared to the subject. Nevertheless, the parties' comparables have improvement assessments ranging from \$26,239 to \$35,517 or from \$5.20 to \$8.45 per square foot of living area. The subject's improvement assessment of \$51,900 or \$7.89 per square foot of living area falls within the per square foot range established by the comparables in this record but above on an overall basis which is justified due to subject's larger dwelling size. After considering adjustments to the comparables for numerous differences when compared to the subject, the Board finds the subject's improvement appears to be equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
