

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neal Underwood  
DOCKET NO.: 17-29153.001-R-1  
PARCEL NO.: 18-05-318-005-0000

The parties of record before the Property Tax Appeal Board are Neal Underwood, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,290  
**IMPR.:** \$25,585  
**TOTAL:** \$29,875

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction. The dwelling is 79 years old. Features of the home include a partial basement, a fireplace and a one-car garage. The property has a 6,600 square foot site and is located in Lyons Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information regarding the subject property's background. The appellant also submitted information on eight equity comparables. The appellant's grid sheet evidence indicates the subject contains 992 square feet of living area. In support of this square footage, the appellant submitted a schematic drawing, a copy of a plat of survey dated July 20, 1938, copies of blue prints, and permits from the 1950's.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,875. The board's evidence indicates the subject contains 1,023 square feet of living area. The subject property has an improvement assessment of \$25,585 or \$25.01 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables and included recent sale information for comparable properties #1 and #3.

In written rebuttal, the appellant stated the subject does not have central air conditioning and contains 997 square feet of living area. The appellant also stated the board of review listed incorrect property characteristics for the subject and some of the comparable properties.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant has not met the burden of showing the subject contains less than 1,023 square feet of living area. The appellant's plat of survey was dated prior to the subject improvement's addition. The appellant's copies of the blueprints for the subject are illegible.

The Board finds the best evidence of assessment equity to be the board of review's comparable properties #1, #2, and #3. These comparables had improvement assessments that ranged from \$27.01 to \$28.02 per square foot of living area. The subject's improvement assessment of \$25.01 per square foot of living area falls below the range established by the best comparables in this record. The Board notes that even if it were to calculate the subject's square footage of living area based on 992 square feet, the subject's improvement assessment per square foot of living area would be \$25.79 which is within the range of these comparable properties. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
