

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shaker Asfour
DOCKET NO.: 17-29614.001-R-1
PARCEL NO.: 19-30-415-013-0000

The parties of record before the Property Tax Appeal Board are Shaker Asfour, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,850
IMPR.: \$31,945
TOTAL: \$37,795

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,059 square feet of living area. The dwelling is approximately 12 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 7,800 square foot site and is located in Burbank, Stickney Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal.¹ In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction

¹ The appellant's appeal petition indicates recent appraisal, however, evidence submitted supports assessment equity.

that range in size from 2,782 to 3,346 square feet of living area. The homes range in age from 10 to 16 years old. Each comparable has an unfinished basement, central air conditioning and a 2-car or a 3-car garage. Three comparables each have either one or two fireplaces. The comparables have improvement assessments ranging from \$25,427 to \$31,212 or from \$8.98 to \$9.33 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$24,150 or \$7.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,795. The subject property has an improvement assessment of \$31,945 or \$10.44 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Three of the properties are class 2-78 dwellings while one comparable is a class 2-11 multi-family building. The comparables are improved with two-story dwellings of masonry exterior construction that range in size from 2,596 to 3,130 square feet of living area. The homes are either 12 or 22 years old. Each comparable has a basement, one with finished area, central air conditioning and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$28,927 to \$33,243 or from \$10.56 to \$11.14 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #4 which has a 3-car garage compared to the subject's 2-car garage. The Board gave less weight to the board of review's comparable #2 which is a dissimilar multi-family property compared to the subject's single family dwelling.

The Board finds the best evidence of assessment equity to be the remaining comparables which are similar to the subject in location, age, design, dwelling size and most features. These comparables had improvement assessments that ranged from \$25,427 to \$33,243 or from \$8.98 to \$11.14 per square foot of living area. The subject's improvement assessment of \$31,945 or \$10.44 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
