

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Checchin
DOCKET NO.: 17-29790.001-R-1
PARCEL NO.: 08-09-400-036-0000

The parties of record before the Property Tax Appeal Board are Arthur Checchin, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,005
IMPR.: \$24,492
TOTAL: \$29,497

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,562 square feet of living area.¹ The dwelling is approximately 49 years old. Features of the home include a partial basement with finished area, one fireplace and a two-car garage. The property has a 9,100 square foot site located in Arlington Heights, Elk Grove Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables that are located within the same neighborhood code as the subject property. The appellant's attorney provided photographs and limited property characteristics for these comparables. The comparables are improved with similar class 2-34 dwellings of frame and masonry exterior construction ranging in size from 1,416 to 1,819 square feet of living area. The dwellings range in age from 50 to 55 years old. The comparables have improvement assessments ranging from \$17,370 to \$26,194 or from \$11.93 to \$14.62 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$21,649 or \$13.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,497. The subject property has an improvement assessment of \$24,492 or \$15.68 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with multi-level dwellings of frame and masonry exterior construction containing either 1,401 or 1,456 square feet of living area. The dwellings are each 50 years old. Each comparable has a partial basement with finished area and a two-car garage. Two comparables each have central air conditioning. Two comparables have either one or three fireplaces. The comparables have improvement assessments ranging from \$23,878 to \$26,004 or from \$16.40 to \$17.86 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The board finds the parties' comparables are similar to the subject in location, design, age, and dwelling size. These comparables have improvement assessments ranging from \$17,370 to \$26,194 or from \$11.93 to \$7.86 per square foot of living area. The subject's improvement assessment of \$24,492 or \$15.68 per square foot of living area falls within the range established by the comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
