

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anastasios Chiotis  
DOCKET NO.: 17-30388.001-R-1  
PARCEL NO.: 08-24-314-002-0000

The parties of record before the Property Tax Appeal Board are Anastasios Chiotis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,063  
**IMPR.:** \$18,674  
**TOTAL:** \$22,737

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling with 1,191 square feet of living area of frame and masonry construction. The dwelling is approximately 51 years old. Features of the home include a partial basement with finished area and a one-car garage. The property has an 8,127 square foot site and is located in Des Plaines, Elk Grove Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant through counsel contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The appellant reported that the comparables are located in the same neighborhood code and three comparables are within 1.20 miles from the subject property. The comparables were improved with class 2-34 dwellings of frame and masonry exterior construction that ranged in size from 1,163 to 1,361

square feet of living area. The dwellings range in age from 51 to 56 years old. The comparables have sites ranging in size from 7,620 to 9,680 square feet of land area. Each comparable has a partial basement with finished area and a one-car or a two-car garage. The comparables sold from February 2015 to June 2017 for prices ranging from \$166,500 to \$220,100 or from \$136.68 to \$165.99 per square foot of living area, land included. Based on this evidence, the appellant requested that the assessment be reduced to \$18,079.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,737. The subject's assessment reflects a market value of \$227,370 or \$190.91 per square foot of living area, including land, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same neighborhood code as the subject property. The comparables were improved with multi-story dwellings of frame or frame and masonry exterior construction that ranged in size from 1,191 to 1,387 square feet of living area. The dwellings range in age from 43 to 51 years old. The comparables have sites ranging in size from 6,875 to 8,064 square feet of land area. Each comparable has a partial basement with finished area, central air conditioning and a two-car garage. The comparables sold from February to August 2016 for prices ranging from \$260,000 to \$306,000 or from \$202.60 to \$243.24 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #3 and #4 as these comparables sold from February 2015 to October 2015, which are dated and less likely to be indicative of fair market value as of the subject's January 1, 2017 assessment date.

The Board finds the best evidence of market value to be appellant's comparable sale #2 along with the board of review comparable sales. These comparables have varying degrees of similarity in location, site size, age, dwelling size and some features. These comparables sold for prices ranging from \$220,100 to \$306,000 or from \$165.99 to \$243.24 per square foot of living area, including land. The subject's assessment reflects a market value of \$227,370 or \$190.91 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
