

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Petropoulos  
DOCKET NO.: 17-30449.001-R-1  
PARCEL NO.: 08-13-201-011-0000

The parties of record before the Property Tax Appeal Board are George Petropoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,812  
**IMPR.:** \$24,085  
**TOTAL:** \$28,897

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,562 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a partial basement with a finished area, a fireplace and a 2-car garage. The property has a 8,750 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same neighborhood code and three of the comparables are within 1.20 miles from the subject property. The comparables were improved with similar class 2-34 dwellings of masonry or frame and masonry exterior construction that ranged in size from 1,373 to 1,989 square feet of living area. The dwellings range in age from 52 to 60 years old. The comparables have sites ranging in size from 7,640 to 20,160 square feet of land area. Each comparable has a partial basement with finished area,

three comparables have central air conditioning, one comparable has a fireplace and each comparable has a 2-car garage. The comparables sold from August 2015 to February 2017 for prices ranging from \$265,000 to \$350,000 or from \$166.85 to \$193.01 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,412. The subject's assessment reflects a market value of \$324,120 or \$207.50 per square foot of living area, including land, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with comparable #4 being a duplicate of comparable #1. These comparables are located in the same neighborhood code and two comparables within the subarea from the subject property. The comparables were improved with a two-story dwelling of frame, masonry or frame and masonry exterior construction that range in size from 2,090 to 3,100 square feet of living area. The dwellings range in age from 53 to 56 years old. The comparables have sites that range from 7,850 to 20,007 square feet of land area. Each comparable has a full or partial basement with two comparables having a finished area, two comparables have central air conditioning, two comparables have two fireplaces and each comparable has either a 2-car or 2.5-car garage. The comparables sold from July 2014 to July 2015 for prices ranging from \$525,000 to \$655,000 or from \$211.29 to \$251.20 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable sales for the Board's consideration. The board of review comparable #1 is the same property as the board of review comparable #4. The Board gave less weight to the appellant's comparable #1 along with the comparables from the board of review as these sales occurred from July 2014 to August 2015, which are dated and less likely to be indicative of fair market value as of the subject's January 1, 2017 assessment date. The Board gave less weight to the appellant's comparable #4 based on its larger site size.

The Board finds the best evidence of market value are the appellant's comparable #2 and #3. These comparables have varying degrees of similarity when compared to the subject in design, site size, age, dwelling size and features. These comparables sold for prices of \$265,000 and \$300,000 or \$193.01 and \$166.85 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$324,120 or \$207.50 per square foot of living area, including land, which falls above the range established by the best comparable sales in this

record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is not supported. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
