

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Stratigakis
DOCKET NO.: 17-30451.001-R-1
PARCEL NO.: 08-11-113-009-0000

The parties of record before the Property Tax Appeal Board are Nick Stratigakis, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C., in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,794
IMPR.: \$19,030
TOTAL: \$24,824

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 1,160 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a partial basement with finished area, central air conditioning and a two and a half car detached garage. The property has a 10,535 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same neighborhood code and three comparables are within 1.20 miles from the subject property. The comparables were improved with class 2-34 dwellings of masonry or frame and masonry exterior construction that ranged in size from 1,156 to 1,464 square feet of living area. The dwellings range in age from 48 to 62 years old. The comparables have sites ranging in size from 7,844 to 8,880 square feet of land area. Each comparable has a partial basement, two comparables have central air

conditioning, one comparable has a fireplace and each comparable has either a one-car or one and one half-car garage. The comparables sold from September 2015 to May 2017 for prices ranging from \$220,000 to \$300,500 or from \$182.57 to \$214.58 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$23,591.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,914. The subject's assessment reflects a market value of \$259,140 or \$223.40 per square foot of living area, including land, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant submitted four comparable sales while the board of review submitted four equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 as this property sold in September 2015, which is dated and less likely to be indicative of fair market value as of the subjects January 1st, 2017 assessment date. The Board gave no weight to the board of review's four equity comparables as these properties do not address the appellant's overvaluation argument.

The Board finds the best evidence of market value to be appellant's comparable sales #1, #3, and #4. These comparables sold from September 2016 to May 2017 for prices ranging from \$220,000 to \$259,000 or from \$182.57 to \$214.58 per square foot of living area, including land. The subject's assessment reflects a market value of \$259,140 or \$223.40 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is not supported. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
