

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mario Petrovic  
DOCKET NO.: 17-30561.001-R-1  
PARCEL NO.: 12-27-407-051-0000

The parties of record before the Property Tax Appeal Board are Mario Petrovic, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,062  
**IMPR.:** \$37,916  
**TOTAL:** \$41,978

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a class 2-11 dwelling of masonry exterior construction with 5,519 square feet of living area. The dwelling is approximately 56 years old. Features of the home include a full basement with an apartment. The property has a 6,250 square foot site located in River Grove, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-11 dwellings of masonry exterior construction ranging in size from 5,712 to 5,807 square feet of living area. The dwellings range in age from 40 to 53 years old. Three comparables each have a full basement with an apartment and one

comparable has a concrete slab foundation. The comparables have improvement assessments ranging from 38,579 to \$41,096 or from \$6.75 to \$7.12 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$37,916 or \$6.87 per square foot of living area.

The appellant's submission included a copy of the "Cook County Board of Review" final decision dated January 19, 2018 disclosing the subject has a total assessment of \$46,796. The submission by the appellant also depicted that the subject has an improvement assessment of \$42,734 or \$7.74 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity was submitted by the appellant. The Board gives less weight to the appellant's comparable #4 due to its concrete slab foundation in contrast to the subject's basement with an apartment.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size, basement and most features. The comparables have improvement assessments ranging from \$38,579 to \$39,711 or from \$6.75 to \$6.84 per square foot of living area. The subject's improvement assessment of \$42,734 or \$7.74 per square foot falls above the range of the best comparables in this record and is excessive.

The Board finds the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). After analysis of the appellant's data and considering adjustments to the comparables when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity and commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
