

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dave & Cindy Kennebeck
DOCKET NO.: 17-30572.001-R-1
PARCEL NO.: 03-33-206-016-0000

The parties of record before the Property Tax Appeal Board are Dave & Cindy Kennebeck, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,348
IMPR.: \$46,802
TOTAL: \$53,150

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 12,696 square foot parcel of land improved with an eight-year old, two-story, masonry, single-family dwelling. The property is located in Mount Prospect, Wheeling Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity as the basis of the appeal. In support of the equity argument, the appellant submitted five comparables with four listed on the grid. These comparables are described as two-story, masonry, single-family dwellings. They range: in age from 10 to 60 years; in size from 3,203 to 3,750 square feet of building area; and in improvement assessment from \$11.81 to \$14.35 per square foot of building area. The appellant submitted photographs of the subject and the comparables.

The appellant also argues that the county has incorrectly listed the subject's improvement square footage at 3,638 and argues that the subject's improvement is actually 3,343 square feet of living area. The appellant submitted a plot of survey drawing showing a "proposed two-story residence" with no measurements of the proposed improvement and a letter from an architect asserting that the subject contains "3,343 square feet of building area, not including the garage and 2 story entry."

The subject's total assessment is \$59,702 with an improvement assessment of \$53,354.

The board of review did not timely submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

As to the subject's improvement square footage, the Board finds the appellant has submitted sufficient evidence to show that the county has incorrectly listed the subject's square footage. The Board finds the subject contains 3,343 square feet of building area which reflects an improvement assessment of \$15.96 per square foot of building area.

The Board finds the only evidence of assessment equity to be the appellant's comparables #1 through #4. These comparables had improvement assessments ranging from \$13.74 to \$14.35 per square foot of building area. The remaining comparable was given less weight due to differences in age. The subject's improvement assessment of \$15.96 per square foot of building area is above the range of the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
