

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimas Dias  
DOCKET NO.: 17-30620.001-R-1  
PARCEL NO.: 16-19-203-023-0000

The parties of record before the Property Tax Appeal Board are Dimas Dias, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,756  
**IMPR.:** \$14,736  
**TOTAL:** \$17,492

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,944 square feet of living area. The dwelling is approximately 101 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 3,150 square foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant through counsel contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same

neighborhood code as the subject property.<sup>1</sup> The comparables were improved with similar class 2-11 dwellings of masonry, stucco, frame or frame and masonry exterior construction that ranged in size from 1,494 to 2,374 square feet of living area. The dwellings range in age from 92 to 109 years old. The comparables have sites that range in size from 3,050 to 4,658 square feet of land area. Three comparables full basements, two of which have finished area and each comparable has a one-car to a two-car garage. The comparables sold from May 2015 to December 2016 for prices ranging from \$108,400 to \$189,900 or from \$70.13 to \$79.99 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$14,463.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,492. The subject's assessment reflects a market value of \$174,920 or \$89.98 per square foot of living area, including land, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with one comparable located in the same neighborhood code as the subject property. The comparables were improved with three 2-story dwellings and one 1.5-story dwelling of masonry or frame exterior construction that ranged in size from 1,691 to 2,366 square feet of living area. The dwellings range in age from 90 to 113 years old. The comparables have sites ranging in size from 3,425 to 4,658 square feet of land area. Each comparable has a full or partial basement with one comparable having finished area, two comparables have central air conditioning and each comparable has a two-car garage. The comparables sold from February 2015 to June 2016 for prices ranging from \$175,000 to \$269,000 or from \$95.10 to \$120.64 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable #3 along with the board of review comparables #1, #3 and #4 as these properties sold in February or May 2015, which are dated and less likely to be indicative of fair market value as of the subject's January 1, 2017 assessment date. The Board gave less weight to the appellant's comparables #1 and #4 based on these properties having

Due to the lack of descriptive data necessary for a complete analysis, the Board has not analyzed this data.

finished basements when compared to the subject. The Board did not analyze the 20 additional sales submitted by the appellant based on the limited descriptive information provided.

The Board finds the best evidence of market value to be the appellant's comparable #2 along with the board of review comparable #2. These comparables have varying degrees of similarity in site size, dwelling size and/or some features when compared to the subject. These comparables sold for prices of \$151,600 and \$269,000 or \$74.90 and \$115.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$174,920 or \$89.98 per square foot of living area, including land, which falls between the best comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
