

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shawn Schneider
DOCKET NO.: 17-30671.001-R-1
PARCEL NO.: 09-33-120-033-0000

The parties of record before the Property Tax Appeal Board are Shawn Schneider, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,781
IMPR.: \$26,317
TOTAL: \$30,098

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame and masonry exterior construction with 2,533 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full finished basement, central air conditioning, a fireplace, and a two-car garage. The property has a 6,875 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction with 3,092 or 3,105 square feet of living area. The dwellings are each 18

years old, and each comparable has a full unfinished basement and a two-car garage. Three comparables each have one fireplace. Based upon the response in the appellant's grid analysis, the Board is unable to determine if the comparables have air conditioning. The comparables have improvement assessments ranging from \$27,766 to \$29,870 or from \$8.98 to \$9.62 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,937 or \$9.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,098. The subject property has an improvement assessment of \$26,317 or \$10.39 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code and same block as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction with 2,533 or 2,598 square feet of living area. The dwellings are 16 or 18 years old, and each comparable has a full unfinished basement, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$27,902 to \$31,332 or from \$10.74 to \$12.36 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board gives greater weight and finds the best evidence of assessment equity to be the board of review three comparables. These comparables are most similar in dwelling size to the subject than the appellant's comparables. Additionally, they are almost identical to the subject in every aspect, except they have unfinished basements. These three comparables have improvement assessments ranging from \$27,902 to \$31,332 or from \$10.74 to \$12.36 per square foot of living area. The subject's improvement assessment of \$26,317 or \$10.39 per square foot of living area falls below the three best comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
