

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Demetrios Christopoulos
DOCKET NO.: 17-30672.001-R-1
PARCEL NO.: 09-11-203-020-0000

The parties of record before the Property Tax Appeal Board are Demetrios Christopoulos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,901
IMPR.: \$18,129
TOTAL: \$29,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level frame and masonry dwelling with 1,335 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a partial basement with finished area, and a one-car garage. The property has a 14,066 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 9,690 to 10,320 square feet of land area and are improved with similar class 2-34 dwellings of masonry or frame and masonry construction. The dwellings range in size from 1,315 to 1,857 square feet of living area and range in age from 54 to 59 years old. The comparables each have a partial basement

with finished are, and a one-car to a two and one-half car garage. Three of the comparables have central air-conditioning. The properties sold from May 2015 to October 2016 for prices ranging from \$235,000 to \$341,500 or from \$151.23 to \$187.90 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$23,421. The requested assessment would reflect a total market value of \$234,210 or \$175.44 per square foot of living area, land included, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,030. The subject's assessment reflects a market value of \$290,300 or \$217.45 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites that range in size from 9,380 to 10,960 square feet of land area and are improved with similar class 2-34 dwellings of frame and masonry construction. The dwellings range in size from 1,210 to 1,363 square feet of living area and range in age from 57 to 59 years old. The comparables each have a partial basement with finished area, and a one-car to a two and one-half car garage. One comparable has central air-conditioning. The properties sold from January to September 2016 for prices ranging from \$310,000 to \$470,000 or from \$227.44 to \$368.92 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 #3 and #4 as comparables #1 and #3 are larger dwellings when compared to the subject and as comparable #4 has a two and one-half car garage, dissimilar to the subject's one-car garage. The Board also gave less weight to board of review comparables #2, #3 and #4 as comparables #2 and #3 appear to be outliers due to their higher sale prices compared to any of the other comparable sales in the record and as comparable #4 has a two and one-half car garage, dissimilar to the subject's one-car garage.

The Board finds that appellant's comparable sale #2 and board of review comparable sale #1 are the best comparables in this record and were similar to the subject in location, age, dwelling size, and most features. These comparables sold in October and January 2016 for \$235,000 and

\$310,000 or \$178.71 and \$227.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$290,300 or \$217.45 per square foot of living area, including land, which falls between the values of the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
