

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marco Markos
DOCKET NO.: 17-30690.001-R-1
PARCEL NO.: 09-35-114-012-0000

The parties of record before the Property Tax Appeal Board are Marco Markos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,022
IMPR.: \$27,082
TOTAL: \$32,104

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,677 square feet of living area. The dwelling was 94 years old. Features of the home include a full unfinished basement and a detached two-car garage. The property has a 5,580 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject. The comparables had lots ranging in size from 5,791 to 7,458 square feet of land area and were improved with similar class 2-03 dwellings of frame or frame and masonry exterior construction. The comparables ranged in size from 1,560 to 1,773 square feet of living area and ranged in age from 62 to 104 years old. One comparable had a crawl-

space foundation and three comparables had full unfinished basements. Three of the dwellings each have a fireplace and either a 1-car or a 2-car garage. The comparables sold from August 2016 to April 2017 for prices ranging from \$177,500 to \$328,600 or from \$113.78 to \$185.34 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$26,605. The requested assessment would reflect a total market value of \$266,050 or \$158.65 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,104. The subject's assessment reflects a market value of \$321,040 or \$191.44 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within the same neighborhood code as the subject and within ¼ of a mile from the subject. The comparables had lots ranging in size from 6,191 to 7,920 square feet of land area and were improved with similar class 2-03 dwellings of frame, masonry or frame and masonry exterior construction. The comparables range in size from 1,490 to 1,676 square feet of living area and range in age from 32 to 74 years old. One comparable has a crawl-space foundation and three comparables have full or partial basements, one of which has finished area. Each dwelling has central air conditioning, two comparables each have a fireplace and each property has either a one-car or a two-car garage. The comparables sold from April 2014 to August 2016 for prices ranging from \$345,000 to \$517,500 or from \$217.78 to \$314.02 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #2 and #3 along with board of review comparable #3 due to differences in foundation, features and/or date of sale being more remote in time to the assessment date at issue than other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #4 along with board of review comparable sales #1, #2 and #4. The comparables present varying

degrees of similarity to the subject in location, age, size and/or features. These most similar comparables sold between February 2015 and September 2016 for prices ranging from \$292,500 to \$388,000 or from \$182.93 to \$242.05 per square foot of living area, including land. The subject's assessment reflects a market value of \$321,040 or \$191.44 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
