

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

OAPPELLANT: Rita Savakis  
DOCKET NO.: 17-30693.001-R-1  
PARCEL NO.: 09-12-203-022-0000

The parties of record before the Property Tax Appeal Board are Rita Savakis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,587  
**IMPR.:** \$13,692  
**TOTAL:** \$19,279

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,141 square feet of living area. The dwelling is approximately 62 years old and has a crawl space foundation. The property has a 7,210 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are one-story or "1.5-1.9" story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,096 to 1,411 square feet of living area. The dwellings range in age from 60 to 66 years old, one comparable has a slab foundation, and three

comparables each have a full basement with one having finished area. Two of the comparables each have central air conditioning, one comparable has a fireplace, and each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$5,309 to \$18,272 or from \$4.84 to \$12.98 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$12,326 or \$10.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,093. The subject property has an improvement assessment of \$15,506 or \$13.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of frame exterior construction ranging in size from 1,092 to 1,157 square feet of living area. The dwellings are 61 or 63 years old and each have a partial or full basement with one having finished area. Two comparables each have central air conditioning, and each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$19,688 to \$20,623 or from \$17.50 to \$18.89 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their dissimilar design and/or significantly larger dwelling sizes when compared to the subject. The Board also gives less weight to the appellant's comparable #4 which appears to be an outlier in comparison to the other comparables in this record with its significantly lower improvement and per square foot assessment.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as the board of review comparables. These four comparables received greater weight because they are closer in dwelling size and most similar in other property characteristics to the subject property. However, the subject lacks a basement and a garage, unlike the board of review comparables in this record. The Board recognizes that appellant's comparable #3 is the only comparable that also lacks a basement, like the subject. These four comparables have improvement assessments ranging from \$15,757 to \$20,623 or from \$12.44 to \$18.89 per square foot of living area. The subject's improvement assessment of \$15,506 or \$13.59 per square foot of living area falls below the range established by the most similar comparables contained in this record with its improvement assessment and within the range on a per-square-foot basis. After

considering adjustments to the comparables for differences when compared to the subject, such as their superior basements and/or garages, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
