

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Pearson
DOCKET NO.: 17-30694.001-R-1
PARCEL NO.: 09-35-122-003-0000

The parties of record before the Property Tax Appeal Board are James Pearson, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,361
IMPR.: \$32,088
TOTAL: \$38,449

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame exterior construction with 1,892 square feet of living area. The dwelling is 98 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 7,068 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject. The comparables had lots ranging in size from 6,600 to 8,514 square feet of land area and were improved with similar class 2-05 dwellings of frame, masonry, stucco or frame and masonry exterior construction. The comparables ranged in size from 1,668 to 2,188 square feet of living area and ranged in age from 76 to 118 years old. Each comparable

had a full or partial unfinished basement. One comparable has central air conditioning like the subject. Three comparables each have one or two fireplaces and each property has a one-car or a two-car garage. The comparables sold from January 2015 to April 2017 for prices ranging from \$280,000 to \$388,000 or from \$140.42 to \$178.66 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$31,682. The requested assessment would reflect a total market value of \$316,820 or \$167.45 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,449. The subject's assessment reflects a market value of \$384,490 or \$203.22 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on eight comparables, where comparables #1 through #4 consist solely of equity information which is not responsive to the appellant's overvaluation argument. For ease of reference, the second page of comparable sales have been renumbered as comparables #5 through #8.

These four comparable sales were located within the same neighborhood code as the subject and either within the subject's subarea or within ¼ of a mile from the subject. The comparables had lots ranging in size from 6,525 to 8,850 square feet of land area and were improved with similar class 2-05 dwellings of frame, stucco or frame and masonry exterior construction. The comparables ranged in size from 1,780 to 1,840 square feet of living area and range in age from 85 to 103 years old. Each comparable has a full basement, two of which have finished areas. Two comparables have central air conditioning, each comparable has one or two fireplaces and each comparable has a garage from 1-car to 2.5-cars. The comparables sold from May to September 2016 for prices ranging from \$425,000 to \$600,000 or from \$232.24 to \$337.08 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to board of review comparables #5 and #7 due to their superior finished basement amenities as compared to the subject's unfinished basement.

The Board finds the remaining comparables presented by both parties have varying degrees of similarity to the subject property. These six comparables sold between January 2015 and April 2017 for prices ranging from \$280,000 to \$600,000 or from \$140.42 to \$337.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$384,490 or \$203.22 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
