

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Dalmangas
DOCKET NO.: 17-30721.001-R-1
PARCEL NO.: 09-23-103-067-0000

The parties of record before the Property Tax Appeal Board are Peter Dalmangas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,076
IMPR.: \$32,224
TOTAL: \$37,300

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,347 square feet of living area. The dwelling is 50 years old. Features of the home include a partial basement with finished area, central air conditioning, and a two-car garage. The property has a 6,550 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a Class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,058 to 2,695 square feet of living area. The dwellings range

in age from to 26 to 56 years old, and each have a partial or full basement with two having finished area. Three comparables each have central air conditioning,¹ two comparables each have one fireplace, and each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$27,021 to \$34,631 or from \$12.43 to \$13.13 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,141 or \$12.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,300. The subject property has an improvement assessment of \$32,224 or \$13.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. One comparable is located on the subject's same block. The comparables are improved with two-story dwellings of masonry exterior construction with 2,302 or 2,347 square feet of living area. The dwellings are 48 or 50 years old. Each comparable has a partial basement with three having finished area, central air conditioning, and a two-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$34,599 to \$36,840 or from \$15.03 to \$16.00 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences in their considerably newer age and/or dissimilar dwelling sizes when compared to the subject. The Board also gives less weight to the board of review comparable #4 due to its dissimilar unfinished basement when compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 through #3. The Board gives greater weight to these three comparables because they are identical or practically identical in property characteristics to the subject property. Especially the board of review comparables #2 and #3, which are the two best comparables in this record because they are also identical in age and dwelling size to the subject property. These three comparables have improvement assessments of \$34,599 and \$35,943 or \$15.03 and \$15.31 per

square foot of living area. The subject's improvement assessment of \$32,224 or \$13.73 per square foot of living area falls below the range established by the three best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: November 17, 2020

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
