

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debbie Scimeca
DOCKET NO.: 17-30770.001-R-1
PARCEL NO.: 09-12-204-012-0000

The parties of record before the Property Tax Appeal Board are Debbie Scimeca, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,380
IMPR.: \$20,328
TOTAL: \$28,708

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one-story dwelling of frame exterior construction with 1,473 square feet of living area. The dwelling is 67 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a one-car garage. The property has a 10,814 square foot site and is located in Glenview, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

In support of this argument, the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject. The comparables had lots ranging in size from 7,315 to 11,718 square feet of land area and were improved with similar class 2-03 dwellings of frame or frame and masonry exterior construction. The comparables ranged in size from 1,440 to 1,593 square feet of living area and ranged in age from 57 to 76

years old. Three comparables had either a full or partial basement, one of which had a formal recreation room, and one comparable had a crawl-space foundation. Each comparable had central air conditioning, three comparables each had a fireplace and each comparable had either a 1.5-car or a 2-car garage. The comparables sold from January 2015 to March 2017 for prices ranging from \$205,000 to \$287,500 or from \$138.79 to \$193.99 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$25,261. The requested assessment would reflect a total market value of \$252,610 or \$171.49 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,708. The subject's assessment reflects a market value of \$287,080 or \$194.89 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within the same neighborhood code as the subject and either in the "same block," subarea or within ¼ of a mile of the subject. The comparables had lots ranging in size from 8,928 to 10,500 square feet of land area and were improved with similar class 2-03 dwellings of masonry or frame and masonry exterior construction. The comparables range in size from 1,450 to 1,707 square feet of living area and are either 59 or 60 years old. Each comparable has a full or partial basement, one of which has a formal recreation room. One dwelling has central air conditioning, two comparables have one or two fireplaces and three comparables each have a two-car garage. The comparables sold from April 2014 to October 2016 for prices ranging from \$319,000 to \$413,000 or from \$220.00 to \$270.64 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #1 due to its dissimilar crawl-space foundation as compared to the subject's partial unfinished basement. The Board has given reduced weight to board of review comparables #1 and #2, each of which sold in 2014, dates that are more remote in time to the valuation date at issue of January 1, 2017 and as compared to more recent sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #2, #3 and #4 along with board of review comparable sales #3 and #4. These five comparables are similar to the subject in location, age, design, size and foundation. These most similar comparables sold between January 2015 and October 2016 for prices ranging from \$260,000 to \$413,000 or from \$172.63 to \$270.64 per square foot of living area, including land. The subject's assessment reflects a market value of \$287,080 or \$194.89 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, particularly appellant's comparable #2, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
