

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Takacs
DOCKET NO.: 17-30773.001-R-1
PARCEL NO.: 09-20-414-015-0000

The parties of record before the Property Tax Appeal Board are George Takacs, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,018
IMPR.: \$16,945
TOTAL: \$19,963

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,452 square feet of living area. The dwelling is 87 years old. Features of the home include a full unfinished basement, one fireplace, and a 1-car attached garage. The property has a 5,250 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are one-story or "1.5 - 1.9" dwellings of frame or frame and masonry exterior construction ranging in size from 1,100 to 1,690 square feet of living area. The dwellings range

in age from 66 to 96 years old. Three comparables have either a crawl space foundation or a slab foundation, and one comparable has a full unfinished basement. One comparable has central air conditioning¹ and one fireplace, and each comparable has either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$10,000 to \$17,906 or from \$9.03 to \$10.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$14,086 or \$9.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,963. The subject property has an improvement assessment of \$16,945 or \$11.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,363 or 1,456 square feet of living area. The dwellings range in age from 65 to 89 years old and have either a partial or full unfinished basement. The comparables have improvement assessments ranging from \$16,664 to \$19,596 or from \$12.23 to \$13.46 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to significant dissimilarities in their design, age, dwelling size, and/or lack of a basement when compared to the subject dwelling. The Board also gives less weight to the board of review comparables #2 and #4 due to their considerably newer age when compared to the age of the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3. The Board finds these two comparables are most similar to the subject in design, exterior construction, age, dwelling size, foundation and most features. These two comparables have improvement assessments of \$16,664 and \$19,596 or \$12.23 and \$13.46 per square foot of living area, respectively. The subject's improvement assessment of \$16,945 or \$11.67 per square foot of living area falls between the two best comparables contained in this record on an overall basis and below these two comparables on a per-square-foot basis. After considering

¹ The appellant's attorney reports "1" or "2" for central air conditioning within the grid analysis. The Board has determined "1" signifies "Yes" and "2" signifies "No" for central air conditioning based upon the description of the subject property provided by the board of review.

adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
