

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milena Govedarska
DOCKET NO.: 17-30805.001-R-1
PARCEL NO.: 09-19-206-079-0000

The parties of record before the Property Tax Appeal Board are Milena Govedarska, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,356
IMPR.: \$21,644
TOTAL: \$26,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame exterior construction with 1,282 square feet of living area. The dwelling is 39 years old. Features of the dwelling include a partial basement with finished area, central air conditioning,¹ and a two-car garage. The property has a 7,920 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-34, multi-level dwellings of frame or frame and masonry exterior construction that range in size from 1,110 to 1,331 square feet of living area. The dwellings range in age from 56 to 64 years old and each have a partial basement with finished area. Two comparables have central air conditioning, and three comparables each have a one-car or a two-car garage. The comparables have improvement assessments ranging from \$17,627 to \$20,016 or from \$15.04 to \$15.88 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$19,602 or \$15.29 per square foot of living area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,000. The subject property has an improvement assessment of \$21,644 or \$16.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, one of which is located within the same neighborhood as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 1,100 to 1,312 square feet of living area. The dwellings range in age from 38 to 46 years old, and each have a full unfinished basement or a partial basement with finished area. Three comparables each have central air conditioning, and each comparable has a two-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$18,913 to \$24,313 or from \$16.96 to \$18.84 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are considerably older dwellings when compared to the subject dwelling. In addition, the Board gives reduced weight to the board of review comparable #4 due to its unfinished basement when compared to the finished basement of the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review remaining comparables. These three comparables are most similar to the subject in location, design, age, foundation, and some features. These comparables have improvement assessments ranging from \$18,913 to \$24,019 or from \$16.96 to \$18.84 per square foot of living area. The subject's improvement assessment of \$21,644 or \$16.88 per square foot of living area falls within the range established by the three best comparables in this record on an overall basis and below the range on a per-square-foot basis. After considering adjustments to the comparables for

differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
