ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jinwen Zhang
DOCKET NO.: 17-30827.001-R-1 through 17-30827.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Jinwen Zhang, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
17-30827.001-R-1	17-17-417-102-0000	306	3,120	\$3,426
17-30827.002-R-1	17-17-417-123-0000	1,494	28,080	\$29,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels of land improved with a 38-year old, two-story, masonry, attached, single-family dwelling containing 1,232 square feet of building area. The property is located in Chicago, West Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the basis of the appeal. In support of the market value argument, the appellant submitted the settlement statement which disclosed the purchase of the subject on June 2, 2017 for \$33,000. The appellant requests the application of a 2015 median level in arriving at the assessment.

In support of the equity argument, the appellant submitted five comparables. The properties are described as two-story, masonry, attached, single-family dwellings. They range: in age from 32

to 38 years; in size from 1,200 to 1,306 square feet of building area; and in improvement assessment from \$21.50 to \$23.14 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$33,000 with an improvement assessment of \$31,200 or \$25.32 per square foot of building area.

In support of the assessment the board of review submitted four equity comparables. These properties are described as two-story, masonry, attached, single-family dwellings. They are 36 or 37-years old, contain 1,200 or 1,232 square feet of building area, and have improvement assessments from \$28.47 to \$29.55 per square foot of building area.

Conclusion of Law

The Board finds the best evidence of market value to be the purchase of the subject property in June 2017 for a price of \$33,000. The appellant submitted evidence of the sale of the subject. The board of review did not challenge the sale or the arm's-length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$33,000 as of the lien date. However, the Board finds the appellants sales ration document incorrect and unsupported and gives this evidence no weight. Since market value has been determined, the level of assessment of 10% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply which is what the subject property is currently assessed at and a reduction in the subject's assessment is not warranted.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be all the comparables comparables. These comparables had improvement assessments ranging from \$21.50 to \$29.55 per square foot of building area. The subject's improvement assessment of \$25.32 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
