

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Menna
DOCKET NO.: 17-31675.001-R-1
PARCEL NO.: 18-04-300-047-0000

The parties of record before the Property Tax Appeal Board are Matthew Menna, the appellant, by attorney John Rock, of Rock Fusco & Connelly, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,552
IMPR.: \$137,985
TOTAL: \$157,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 6,255 square feet of living area. The dwelling was is approximately 95 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 3-car garage. The property has a 23,700 square foot site and is located in LaGrange, Lyons Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-09 dwellings of stucco, frame or masonry exterior construction that range in size from 5,554 to 6,072 square feet of living area. The homes range

in age from 64 to 129 years old. Each comparable has a basement, central air conditioning and one or three fireplaces. No information on basement finish or garages of the comparables was submitted by the appellant. The comparables have improvement assessments that range from \$106,704 to \$125,158 or from \$17.57 to \$21.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$109,900 or \$17.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$157,537. The subject property has an improvement assessment of \$137,985 or \$22.06 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables, two of which are located in the same assessment neighborhood code as the subject while the remaining six are located in either Western Springs or Hinsdale. The comparables are improved with two-story or three-story class 2-09 dwellings of frame, masonry, stucco or frame and masonry exterior construction and range in size from 5,503 to 6,771 square feet of living area. The homes range in age from 10 to 126 years old. Each comparable has a basement, four with finished area, central air conditioning, one to four fireplaces and seven of the comparables have from a 1-car to a 3.5-car garage. The properties have improvement assessments ranging from \$134,415 to \$177,597 or from \$22.37 to \$28.53 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board finds the parties' comparables have varying degrees of similarity to the subject in location, age, design and other features. Additionally, the appellant's comparables lack descriptive details with respect to basement finish and garages, relevant to an analysis of these properties' improvement assessment as they compare to the subject, which diminishes the weight given these comparables.

The comparables had improvement assessments that ranged from \$106,704 to \$177,597 or from \$17.57 to \$28.53 per square foot of living area. The subject's improvement assessment of \$137,985 or \$22.06 per square foot of living area falls within the range established by the comparables in this record. On this limited record, and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
