

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Wasilewski
DOCKET NO.: 17-31861.001-R-1
PARCEL NO.: 03-18-111-002-0000

The parties of record before the Property Tax Appeal Board are George Wasilewski, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,221
IMPR.: \$20,865
TOTAL: \$26,086

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,329 square feet of living area. The dwelling is 53 years old, has a partial basement with finished area, central air conditioning, and a 1.5-car garage. The property has a 10,442 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a Class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with Class 2-34, multi-level dwellings of frame and masonry exterior construction with 1,136 or 1,329 square feet of living area. The dwellings range in age from 51

to 53 years old. Each comparable has a partial basement with finished area and a 1-car or a 1.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$19,460 to \$22,261 or from \$15.35 to \$17.13 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$20,400 or \$15.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,086. The subject property has an improvement assessment of \$20,865 or \$15.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with Class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,078 to 1,195 square feet of living area. The dwellings range in age from 51 to 54 years old. Each comparable has a partial basement with finished area and a 1-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$19,695 to \$22,593 or from \$17.90 to \$18.91 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds that both parties' comparables are very similar in overall property characteristics to the subject property and have improvement assessments ranging from \$19,460 to \$22,593 or from \$15.35 to \$18.91 per square foot of living area. The subject's improvement assessment of \$20,865 or \$15.70 per square foot of living area falls within the range established by both parties comparables. Additionally, the subject's improvement assessment is further supported by the appellant's two comparables #1 and #2 which are also identical in dwelling size to the subject and have improvement assessments of \$20,400 and \$22,261 or \$15.35 and \$16.75, respectively. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
