

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick O'Toole
DOCKET NO.: 17-33061.001-R-1
PARCEL NO.: 18-09-129-007-0000

The parties of record before the Property Tax Appeal Board are Patrick O'Toole, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,766
IMPR.: \$65,168
TOTAL: \$69,934

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 3,298 square feet of living area. The dwelling is 16 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 6,150 square foot site and is located in La Grange, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal.¹ In support of this argument the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The

¹ The appellant's appeal was marked as if overvaluation based on comparable sales was being challenged, however, the appellant submitted evidence of improvement assessment inequity based on comparable assessment data.

comparables are 2-story, class 2-78, dwellings of masonry or frame and masonry construction that range in size from 2,902 to 3,089 square feet of living area. The homes are either 62 or 64 years old and have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$26,513 to \$54,993 or from \$11.78 to \$18.98 per square foot of living area.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$58,326.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,934. The subject property has an improvement assessment of \$65,168 or \$19.76 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are 2-story, class 2-78, dwellings of frame, masonry or frame and masonry construction that range in size from 2,487 to 3,155 square feet of living area. The homes range in age from 12 to 38 years old and have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$48,994 to \$72,177 or from \$19.70 to \$22.88 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as the board of review's comparable #1, due to their older age when compared to the subject. The Board finds the board of review's remaining comparables are most similar to the subject in location, classification code, age, size and features. These comparables have improvement assessments ranging from \$56,352 to \$72,177 or from \$20.26 to \$22.88 per square foot of living area. The subject's improvement assessment of \$65,168 or \$19.76 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis but below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
