**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of 12 condominium units within a 36-year old, three-story, 12-unit condominium building. The property is located in Orland Park, Orland Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence of the sale of one unit located within the subject's building. This unit sold from April 2014 for a total sale amount of \$61,000. The appellant argues that the sale price should be reduced by 10% to account for personal property for an adjusted value of \$54,900. The appellant then applies the percentage of ownership of the unit sold of 13.295% to arrive at a value for the building of \$412,937. The appellant's evidence lists the percentage of ownership of the subject at 12.4279%. The appellant then applies a median level of assessment from a document that lists 2015 ratios.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$46,629. The subject's assessment reflects a market value for all the appealed units of \$466,290 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted the same sales data as the appellant for a total sales price of \$61,000. The board of review then applies the percentage of ownership of the unit sold of 12.4279% to arrive at a value for the building of \$490,381.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the sale used by both parties for \$61,000. However, the Board gives no weight to the appellant's adjustment for personal property as there is no evidence of this in the record. In applying the correct percentage of ownership of the unit sold of 12.4279% arrives at a value for the building of \$490,381. The Board further finds the appellant submitted incorrect and unsupported median level of assessment evidence and gives this evidence no weight. In applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the appellant failed to show by a preponderance of the evidence that the subject property was overvalued, and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
