

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT:     Giuseppa DiCesare  
DOCKET NO.:    17-33499.001-R-1  
PARCEL NO.:    12-26-317-009-0000

The parties of record before the Property Tax Appeal Board are Giuseppa DiCesare, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:**       \$5,492  
**IMPR.:**      \$16,510  
**TOTAL:**      \$22,002

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one and one-half-story dwelling of masonry construction with 1,398 square feet of living area. The dwelling is 64 years old. Features of the home include a full finished basement, central air conditioning and a two-car garage. The property has an 8,450 square foot site and is located in River Grove, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on both overvaluation and assessment inequity with respect to the subject's improvement. In support of these arguments the appellant submitted four sale comparables and six equity comparables with varying degrees of similarity to the subject. The comparable sales sold from August 2015 to February 2017 for prices ranging from \$153,000 to \$176,000 or from \$106.93 to \$143.09 per square foot of living area, including land. In support

of the assessment inequity argument, the six equity comparables that were submitted had improvement assessments ranging from \$11,126 to \$19,943 or from \$8.73 to \$13.88 per square foot of living area. Based on this evidence, the appellant requested that the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,002. The subject's assessment reflects a market value of \$220,020 or \$157.38 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject has an improvement assessment of \$16,510 or \$11.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables with varying degrees of similarity to the subject. One of the comparables sold February 2016 for \$270,000 or \$212.93 per square foot of living area, including land. The four comparables had improvement assessments ranging from \$17,554 to \$21,058 or from \$13.11 to \$16.57 per square foot of living area. Based on this evidence the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends in part that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted on this basis.

The Board finds both parties' sale comparables were generally similar to the subject regarding most features, with the exception of the appellant's comparable #1 and #3 based on their dissimilar lot size and/or the date of sale being too remote from the January 1, 2017 assessment date. The Board finds the remaining comparable sales best represent the subjects market value. The remaining comparable sales sold from February 2016 to November 2016 for prices ranging from \$153,000 to \$270,000 or from \$120.09 to \$212.93 per square foot of living area, including land. The subject's assessment reflects a market value of \$220,020 or \$157.38 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Therefore, the Board finds no reduction in the subject's assessment is warranted based on overvaluation.

The taxpayer also contends improvement assessment inequity as an alternative basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code

§1910.65(b). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. The Board finds the appellant did not meet this burden and no reduction is warranted on this basis.

The parties submitted a total of ten equity comparables. The Board gave less weight in its analysis to the appellant's equity comparables #1, #2, #3, #5 and #6 based on their dissimilar design, foundation and/or age when compared to the subject. The most similar comparables had improvement assessments ranging from \$15,487 to \$21,058 or from \$9.74 to \$16.57 per square foot of living area. The subject's improvement assessment of \$16,510 or \$11.81 per square foot of living area falls within the range established by the most similar equity comparables in this record. Therefore, no reduction based on assessment inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
