

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bart & Grazyna Kochanczyk  
DOCKET NO.: 17-33511.001-R-1  
PARCEL NO.: 12-28-317-003-0000

The parties of record before the Property Tax Appeal Board are Bart & Grazyna Kochanczyk, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,240  
**IMPR.:** \$12,817  
**TOTAL:** \$15,057

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,037 square feet of living area. The dwelling is approximately 59 years old. Features of the home include a full unfinished basement, central air conditioning and a one-car garage. The property has a 4,480 square foot site and is located in Franklin Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on four comparable sales located in the same neighborhood code as the subject property. The comparables have sites that range in size from 4,320 to 7,500 square feet of land area and are improved with class 2-03 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 1,042 to 1,276 square feet of living

area. The homes range in age from 52 to 66 years old. Each comparable has a basement, three with finished area and either a 1.5-car or a 2-car garage. Two comparables each have central air conditioning and two of the comparables have either one or two fireplaces. The comparables sold from August 2016 to July 2017 for prices ranging from \$140,000 to \$165,000 or from \$112.07 to \$138.20 per square foot of living area, land included. Based on this evidence, the appellants requested the subject's assessment be reduced to \$13,017.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,057. The subject's assessment reflects a market value of \$150,570 or \$145.20 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.25 of a mile from the subject and in the same neighborhood code as the subject property. The comparables have sites that range in size from 4,320 to 7,500 square feet of land area and are improved with one-story, class 2-03 dwellings of masonry or frame and masonry exterior construction that range in size from 1,001 to 1,128 square feet of living area. The homes are either 59 or 63 years old. Each comparable has a basement, one with finished area, central air conditioning and from a 1-car to a 2-car garage. One comparable has a fireplace. The comparables sold from April to October 2016 for prices ranging from \$170,000 to \$228,000 or from \$164.25 to \$227.77 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gave less weight to the appellants' comparables due to a lack of central air conditioning and/or larger dwelling sizes when compared to the subject property.

The Board finds the best evidence of market value to be the board of review comparable sales which are similar to the subject in location, age, design, dwelling size and most features. These comparables sold from April to October 2016 for prices ranging from \$170,000 to \$228,000 or from \$164.25 to \$227.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$150,570 or \$145.20 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
