

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pete Peroulas
DOCKET NO.: 17-33800.001-R-1
PARCEL NO.: 03-34-216-024-0000

The parties of record before the Property Tax Appeal Board are Pete Peroulas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,019
IMPR.: \$49,315
TOTAL: \$56,334

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of masonry exterior construction with 3,590 square feet of living area. The dwelling is eight years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 3-car garage. The property has a 12,763 square foot site, and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,785 to 3,277 square feet of living area. The

dwellings range in age from 55 to 62 years old. Five comparables each have a partial or full basement with one having finished area, and one comparable has a crawl space foundation. Four comparables each have one fireplace, and five comparables each have a garage ranging from a 1-car to a 2.5-car. Based upon the response in the appellant's grid analysis, the Board is unable to determine if the comparables have air conditioning. The comparables have improvement assessments ranging from \$34,373 to \$39,646 or from \$11.37 to \$12.84 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$43,545 or \$12.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,334. The subject property has an improvement assessment of \$49,315 or \$13.74 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 3,203 to 3,740 square feet of living area. The dwellings range in age from 10 to 18 years old. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$43,999 to \$51,376 or from \$13.74 to \$14.35 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to significant differences with their dwellings older ages, smaller dwelling sizes, and/or lack of a basement or a garage when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These four comparables are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation, and most features. These four comparables have improvement assessments ranging from m \$43,999 to \$51,376 or from \$13.74 to \$14.35 per square foot of living area. The subject's improvement assessment of \$49,315 or \$13.74 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
