

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angelo Paraskevopoulos
DOCKET NO.: 17-33884.001-R-1
PARCEL NO.: 03-25-404-024-0000

The parties of record before the Property Tax Appeal Board are Angelo Paraskevopoulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,810
IMPR.: \$24,774
TOTAL: \$29,584

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame construction with 1,568 square feet of living area. The dwelling is 48 years old. Features of the home include a finished partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 9,620 square foot site and is located in Mount Prospect, Wheeling Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject. The comparables had lots ranging in size from 9,100 to 10,643 square feet of land area that were improved with class 2-34 dwellings of frame or frame and masonry construction. The homes ranged in size from 1,309 to 2,066 square feet of living

area and were either 51 or 52 years old. The comparables had other features with varying degrees of similarity to the subject. The comparables sold from February 2015 to May 2017 for prices ranging from \$230,000 to \$310,000 or from \$150.05 to \$180.56 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$26,326.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,584. The subject's assessment reflects a market value of \$295,840 or \$188.67 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted assessment information on four comparable properties to show that the subject was being assessed uniformly.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of market value to be the appellant's comparable sales. The Board gave less weight to the appellant's comparable sale #2, due to its sale date occurring greater than 22 months prior to the January 1, 2017 assessment date at issue. The Board finds the appellant's remaining comparable sales were similar to the subject in location and building classification. However, all but one, differed considerably from the subject in size and all of the comparables were older than the subject. Nevertheless, the appellant's best comparables sold from January 2016 to May 2017 for prices ranging from \$230,000 to \$310,000 or from \$150.05 to \$175.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$295,840 or \$188.67 per square foot of living area, including land, which is within the range established by the best comparables on a total market value basis but slightly above on a per square foot basis. However, after considering adjustments to the comparables for differences when compared to the subject, such as their older ages and differing dwelling sizes, the Board finds the subject's assessment is supported. The Board gave less weight to the board of review's assessment information on four comparable properties as this evidence does not address the overvaluation argument brought by the appellant.

Based on the evidence in this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
