

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: George & Pola Alexopoulos
DOCKET NO.: 17-33925.001-R-1
PARCEL NO.: 03-15-203-028-0000

The parties of record before the Property Tax Appeal Board are George & Pola Alexopoulos, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,663
IMPR.: \$50,097
TOTAL: \$51,760

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family building of masonry exterior construction with 6,585 square feet of building area. The building is approximately 42 years old. Features of the building include a concrete slab foundation and central air conditioning. The property has a 3,025 square foot site and is located in Wheeling, Wheeling Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on six equity comparables located in the same neighborhood code as the subject property. The comparables are improved with three-story multi-family buildings of masonry exterior construction consisting of either 6,585 or 6,627 square feet of building area. The comparables are either 39 or 42 years

old. Each comparable has a concrete slab foundation and central air conditioning.¹ One comparable has one fireplace. The comparables have improvement assessments ranging from \$46,476 to \$47,229 or from \$7.06 to \$7.13 per square foot of building area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$46,767 or \$7.10 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,760. The subject property has an improvement assessment of \$50,097 or \$7.61 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with three-story multi-family buildings of masonry exterior construction each containing 6,585 square feet of building area. The comparables are each 42 years old. Each comparable has a concrete slab foundation and central air conditioning. Each comparable has an improvement assessment of \$50,097 or \$7.61 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board finds the parties' comparables are identical or nearly identical to the subject property in design, exterior construction, age, dwelling size, basement and most features. These comparables are each located on the same block and/or street as the subject. The parties' comparables have improvement assessments ranging from \$46,476 to \$50,097 or from \$7.06 to \$7.61 per square foot of building area. The subject's improvement assessment of \$50,097 or \$7.61 per square foot of building area is equal to the improvement assessments of the four comparables at the upper end of the assessment range in this record. The Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

¹ The appellant's attorney reports "1" for central air conditioning within the grid analysis. The Board has determined "1" signifies "Yes" based upon the description of the subject property provided by the board of review.

all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
