

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pawel Lewkowski
DOCKET NO.: 17-34136.001-R-1
PARCEL NO.: 03-25-201-010-0000

The parties of record before the Property Tax Appeal Board are Pawel Lewkowski, the appellant(s), by attorney Frederic Everly, of Frederic H. Everly, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,148
IMPR.: \$ 33,313
TOTAL: \$ 38,461

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of a one-story dwelling of masonry construction with 2,414 square feet of living area. The dwelling is 38 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a two and one-half-car garage. The property's site is 9,360 square feet, and it is located in Wheeling Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner-occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted cursory information on three sale comparables, which only included the PIN, address, ZIP code, improvement size, sale date, and sale price. The remaining rows of the appellant's grid sheet were blank, including rows for design, exterior construction, age, basement

area, air conditioning, fireplaces, and garage. These comparables sold between March 2017 and October 2017 for \$345,000 to \$376,500, or \$138.55 to \$172.07 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$35,148.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$38,461. The subject's assessment reflects a market value of \$384,610, or \$159.32 per square foot of living area, including land, when applying the 2017 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and four sale comparables. These sale comparables sold from December 2015 to July 2016 for \$372,500 to \$414,500, or \$164.48 to \$183.15 per square foot of living area, including land. The board of review's evidence also states that the subject was purchased in July 2014 for \$360,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be board of review sale comparables #1, #2, and #3. These sale comparables sold for prices ranging from \$172.86 to \$183.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$159.32 per square foot of living area, including land, which is below the range established by the best comparables in this record. The appellant's sale comparables were given diminished weight in the Board's analysis, as the Board was unable to make a meaningful comparison between these comparables and the subject due to the limited information provided by the appellant about the comparables. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
