

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Podmajersky
DOCKET NO.: 17-34262.001-R-1
PARCEL NO.: 17-20-416-011-0000

The parties of record before the Property Tax Appeal Board are Lisa Podmajersky, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,483
IMPR.: \$16,800
TOTAL: \$22,283

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame and masonry exterior construction with 2,654 square feet of living area.¹ The building is approximately 127 years old. Features of the home include a full basement with an apartment and central air conditioning. The property has a 2,675 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted limited information on four equity

comparables that are located within the same neighborhood code as the subject property. The appellant's attorney provided photographs and limited property characteristics for these comparables. The comparables are improved with similar class 2-11 buildings of frame, masonry or frame and masonry exterior construction ranging in size from 2,520 to 2,976 square feet of living area. The buildings range in age from 124 to 139 years old. The comparables have improvement assessments ranging from \$10,415 to \$15,080 or from \$3.50 to \$5.60 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$12,288 or \$4.63 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,283. The subject property has an improvement assessment of \$16,800 or \$6.33 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story buildings of frame and masonry exterior construction ranging in size from 2,480 to 3,278 square feet of living area. The buildings range in age from 112 to 127 years old. Three comparables each have a partial or a full unfinished basement and one comparable has a crawl space foundation. One comparable has a two-car garage. The comparables have improvement assessments ranging from \$20,417 to \$24,220 or from \$6.47 to \$8.23 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review's comparables #1, #2 and #4 due to their larger building sizes and/or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are most similar to the subject in location, design, age and building size, except one comparable has a garage which the subject lacks suggesting a downward adjustment may be appropriate to make it more equivalent to the subject. The best comparables have improvement assessments ranging from \$10,850 to \$20,417 or from \$4.31 to \$8.23 per square foot of living area. The subject's improvement assessment of \$16,800 or \$6.33 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
