

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Podmajersky
DOCKET NO.: 17-34264.001-R-1
PARCEL NO.: 17-21-302-023-0000

The parties of record before the Property Tax Appeal Board are Lisa Podmajersky, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,649
IMPR.: \$16,614
TOTAL: \$22,263

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,684 square feet of living area. The dwelling is approximately 127 years old and has a concrete slab foundation. The property has a 2,756 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.¹

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant's attorney submitted photographs and limited property information on four equity comparables. For this analysis, the Board will reference the appellant's comparables #1 through #4 in consecutive order from top to bottom as listed in the

¹ The appellant's attorney failed to provide the required Section V Grid Analysis which describes the subject property and their comparables with detailed characteristics.

chart submitted. The comparables are located within the same neighborhood code as the subject and are similar class 2-11 dwellings from 122 to 139 years old and ranging in size from 2,200 to 3,108 square feet of living area. The comparables have improvement assessments ranging from \$7,094 to \$12,838 or from \$3.22 to \$4.31 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$10,172 or \$3.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,263. The subject property has an improvement assessment of \$16,614 or \$6.19 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class 2-11, two-story dwellings of frame exterior construction ranging in size from 2,352 to 2,772 square feet of living area. The dwellings range in age from 127 to 137 years old. The comparables have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$15,985 to \$20,379 or from \$6.66 to \$8.66 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review comparable #1 due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be both parties remaining comparables. These comparables are similar in age and closer in dwelling size to the subject property. These comparables have improvement assessments ranging from \$10,415 to \$19,127 or from \$3.50 to \$7.18 per square foot of living area. The subject's improvement assessment of \$16,614 or \$6.19 per square foot of living area falls within the range of the most similar comparables in this record based on age and dwelling size. Based on this limited record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
