

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lilia Zaporaniuk  
DOCKET NO.: 17-34493.001-R-1  
PARCEL NO.: 16-01-414-023-0000

The parties of record before the Property Tax Appeal Board are Lilia Zaporaniuk, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,437  
**IMPR.:** \$35,114  
**TOTAL:** \$43,551

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story, multi-family dwelling of masonry exterior construction with 6,237 square feet of living area. The dwelling is approximately 112 years old and has a full unfinished basement. The property has a 3,750 square foot site and is located in Chicago, West Chicago Township, Cook County.<sup>1</sup> The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant marked contention of law as the basis of the appeal; however, the legal brief by the appellant's counsel is the same as for an inequity argument, uniformity of assessment. In support of this argument, the appellant submitted information on three equity comparables that

are located within the same neighborhood code as the subject property. Comparable #1 is a duplicate of the subject property and will not be considered within the Board's analysis. The comparables are similar class 2-11 dwellings of masonry exterior construction ranging in size from 6,201 to 6,570 square feet of living area. The dwellings range in age from 105 to 120 years old and have full basements, one of which has an apartment. The comparables have improvement assessments ranging from \$27,725 to \$30,290 and either \$4.21 or \$4.59 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,244 or \$4.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,551. The subject property has an improvement assessment of \$35,114 or \$5.63 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class 2-11, three-story dwellings of masonry exterior construction ranging in size from 6,038 to 6,087 square feet of living area. The dwellings range in age from 101 to 112 years old and have full basements. Comparable #3 has a basement with an apartment and a two-car garage. The comparables have improvement assessments ranging from \$39,558 to \$42,675 or from \$6.55 to \$7.03 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven suggested comparables (excluding the appellant's duplicate comparable #1) for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review comparable #3 because they have a basement with an apartment when compared to the subject's unfinished basement. In addition, the subject lacks a garage unlike the board of review comparable #3.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as the board of review comparables #1, #2 and #4. These comparables are most similar in location, design, exterior construction, age, dwelling size, and foundation when compared to the subject. These comparables have improvement assessments ranging from \$27,725 to \$42,675 or from \$4.21 to \$7.03 per square foot of living area. The subject's improvement assessment of \$35,114 or \$5.63 per square foot of living area falls within the range of the best comparables in this record. Based on this limited record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
