

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kazi Ahzar
DOCKET NO.: 17-35246.001-R-1
PARCEL NO.: 27-29-416-014-0000

The parties of record before the Property Tax Appeal Board are Kazi Ahzar, the appellant, by attorney Scott L. David, of Much Shelist, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,000
IMPR.: \$37,685
TOTAL: \$43,685

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,998 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a three-car garage. The property has a 10,000 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant originally filed an appeal marking the basis of appeal as recent appraisal along with a request for an extension of time to submit evidence. The appellant's subsequent submission of evidence lacked the necessary basis of appeal (35 ILCS 200/16-180; 86 Ill.Admin.Code §1910.30(j)) but provided a brief along with four comparable properties with equity data, each of which had sales information and only one of which sold in 2015. In the absence of sufficient recent market value evidence to assert overvaluation of the subject property

(86 Ill.Admin.Code §1910.65(c)(4)), the Board will analyze this appeal based on the brief and evidence wherein the appellant implies assessment inequity as the basis of this appeal.

In support of the inequity argument the appellant submitted information on four comparables located in the same neighborhood code as the subject. The comparables consist of two-story class 2-78 dwellings of masonry or frame and masonry exterior construction. The homes range in age from 24 to 27 years old and range in size from 3,290 to 3,743 square feet of living area. Each comparable has a full or partial unfinished basement, central air conditioning, a fireplace and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$28,150 to \$34,469 or from \$8.56 to \$9.55 per square foot of living area. Based on this evidence, the appellant as set forth in the Residential Appeal petition requested a reduced improvement assessment of \$29,000 or \$9.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,685. The subject property has an improvement assessment of \$37,685 or \$12.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property and either in the same block or within ¼ of a mile of the subject. The comparables consist of two-story class 2-78 dwellings of frame and masonry exterior construction. The homes range in age from 16 to 19 years old and range in size from 2,812 to 2,998 square feet of living area. Each comparable has a full basement, one of which has a formal recreation room, central air conditioning, a fireplace and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$38,269 to \$40,869 or from \$13.17 to \$13.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables due to differences in age and/or dwelling where the subject is substantially newer than each of these comparables and contains 2,998 square feet of living area. The Board has given reduced weight to board of review comparable #2 due to its formal recreation room when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4. These comparables are each similar to the subject in location, age, size and most other features. These comparables had improvement assessments of \$38,400 to \$40,869 or from \$13.17 to \$13.93 per square foot of living area, respectively. The subject's improvement assessment of \$37,685 or \$12.57 per square foot of living area falls below the range of the best comparables in this record both in terms of overall assessment and on a per-square-foot basis. After considering necessary adjustments to the best comparables to make them more equivalent to the subject for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
