

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Renee Scarvalle
DOCKET NO.: 17-35507.001-R-1
PARCEL NO.: 27-03-214-023-0000

The parties of record before the Property Tax Appeal Board are Renee Scarvalle, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,008
IMPR.: \$41,168
TOTAL: \$48,176

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 16-year old, two-story, single-family dwelling of frame and masonry construction with 3,179 square feet of living area. Features include: a full basement, three bathrooms, central air conditioning, one fireplace and a three-car garage. The property has a 11,681 square foot site and is located in Orland Township, Cook County. The subject is classified as a class 2-78, residential property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted descriptive and assessment information on three suggested equity comparables. They are located within a one-block radius from the subject property and are improved with a two-story, masonry or frame and masonry, single-family dwelling. They ranged: in age from 16 to 25 years; in improvement size from 3,125 to 3,542 square feet of

living area; and in improvement assessment from \$10.18 to \$10.70 per square foot of living area. Amenities include: a full basement, one fireplace and either a two and one-half car or a three-car garage.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,176. The subject property has an improvement assessment of \$41,168 or \$12.95 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted descriptive and assessment information on four suggested equity comparables. They are improved with a 16-year old, two-story, frame and masonry, single-family dwelling, located either on the subject's same block or within a two-block radius from the subject. They ranged in improvement size from 2,957 to 3,429 square feet of living area and in improvement assessment from \$13.36 to \$13.89 per square foot of living area. Features included: a full basement, three or four baths, one fireplace and a three-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparable #2 as well as the board of review's comparables #1 through #3*. These four comparables had improvement assessments that ranged from \$10.70 to \$13.89 per square foot of living area. The subject's improvement assessment of \$12.95 per square foot of living area falls within the range established by the best comparables in this record. The remaining properties were accorded diminished weight due to a disparity in location, improvement size and/or age. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
