

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Siwik
DOCKET NO.: 17-35953.001-R-1
PARCEL NO.: 15-28-314-011-0000

The parties of record before the Property Tax Appeal Board are Andrew Siwik, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,232
IMPR.: \$26,716
TOTAL: \$31,948

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 61 year-old, one-story dwelling of masonry construction containing 1,631 square feet of living area. Features of the subject include a full unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has an 8,050 square foot site located in LaGrange Park, Proviso Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal.¹ In support of the assessment inequity argument, the appellant submitted information on three

suggested equity comparable properties.² These properties ranged from 1,156 to 1,271 square feet of living area, or from \$15.18 to \$17.90 per square foot. In support of the overvaluation argument, the appellant submitted information on two suggested comparable sales. These properties were the same as two of those cited by the appellant as equity assessment comparable properties. These sales occurred from 2017 through 2018 for prices ranging from \$175.54 to \$177.51 per square foot of living area including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,948. The subject property has an improvement assessment of \$26,716, or \$16.38 per square foot of living area. The subject's assessment reflects a market value of \$319,480, or \$195.88 per square foot of living area including land, when applying the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties. These properties ranged from 1,571 to 1,682 square feet of living area, or from \$16.51 to \$17.59 per square foot. The board of review did not submit recent sale comparable properties.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparable(s) #1, #2, #3 and #4. These comparables had improvement assessments that ranged from \$16.51 to \$17.59 per square foot of living area. The subject's improvement assessment of \$16.38 per square foot of living area falls below the range established by the best comparable properties in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). When asserting an overvaluation based on a sales market argument, the appellant should submit "documentation of not fewer than three

recent sales of suggested comparable properties...” 86 Ill.Admin.Code §1910.65(c)(d). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds appellant submitted documentation of only two recent sales. Consequently, the record does not contain evidence of a range of not fewer than three recent sales. Based on this evidence, the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
