

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Olson
DOCKET NO.: 17-36044.001-R-1
PARCEL NO.: 27-06-113-003-0000

The parties of record before the Property Tax Appeal Board are Paul Olson, the appellant, by attorney Scott L. David, of Much Shelist, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,668
IMPR.: \$28,724
TOTAL: \$38,392

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,106 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a full unfinished basement, a fireplace and a three-car garage. The property has a 19,337 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant originally filed an appeal marking the basis of appeal as recent appraisal along with a request for an extension of time to submit evidence. The appellant's subsequent submission of evidence lacked the necessary basis of appeal (35 ILCS 200/16-180; 86 Ill.Admin.Code §1910.30(j)) but provided a brief along with four comparable properties with equity data, two of which sold with one selling in 2018. In the absence of sufficient recent market value evidence to assert overvaluation of the subject property (86 Ill.Admin.Code

§1910.65(c)(4)), the Board will analyze this appeal based on the brief and evidence wherein the appellant implies assessment inequity as the basis of this appeal.

In support of the inequity argument the appellant submitted information on four comparables located in the same neighborhood code as the subject. The comparables consist of two-story class 2-78 dwellings of frame and masonry exterior construction. The homes range in age from 1 to 37 years old and range in size from 2,678 to 3,304 square feet of living area. Each comparable has either a full or partial unfinished basement, central air conditioning and either a two-car or a three-car garage. Three of the comparables each have a fireplace. The comparables have improvement assessments ranging from \$21,684 to \$29,146 or from \$8.10 to \$8.84 per square foot of living area. Based on this evidence, the appellant as set forth in the Residential Appeal petition requested a reduced improvement assessment of \$17,832 or \$5.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,392. The subject property has an improvement assessment of \$28,724 or \$9.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile of the subject property. The comparables consist of two-story class 2-78 dwellings of frame and masonry exterior construction. The homes range in age from 25 to 39 years old and range in size from 2,243 to 2,655 square feet of living area. Each comparable has either a full or partial basement, one of which has a formal recreation room. Three dwellings have central air conditioning and each comparable has a fireplace and a two-car garage. The comparables have improvement assessments ranging from \$25,360 to \$29,229 or from \$10.00 to \$13.03 per square foot of living area. Based on this equity evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #1 due to its significantly newer age when compared to the 29-year-old subject dwelling. The Board has given reduced weight to board of review comparable #3 due to its formal recreation room which is not a feature of the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #3 and #4 along with board of review comparables #1, #2 and #4. These comparables have varying degrees of similarity to the subject dwelling and had improvement assessments that ranged from \$25,360 to \$29,146 or from \$8.63 to \$10.42 per square foot of living area. The subject's improvement assessment of \$28,724 or \$9.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences in age, size and/or features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
