

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: JDI Realty LLC
DOCKET NO.: 17-36138.001-R-1
PARCEL NO.: 13-26-107-013-0000

The parties of record before the Property Tax Appeal Board are JDI Realty LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,200
IMPR.: \$18,072
TOTAL: \$22,272

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame exterior construction with 1,658 square feet of living area. The dwelling is approximately 112 years old. Features of the home include a concrete slab foundation and a 2-car garage. The property has a 3,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with multi-family class 2-11 dwellings of frame exterior construction that range in size from 2,301 to 2,587 square feet of living area. The homes range in age from

104 to 117 years old. Each comparable has a basement with finished area and a 2-car garage. The comparables have improvement assessments that range from \$17,669 to \$19,100 or from \$7.18 to \$8.18 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,733 or \$7.68 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,272. The subject property has an improvement assessment of \$18,072 or \$10.90 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story multi-family class-2-11 dwellings of frame exterior construction that range in size from 1,360 to 1,500 square feet of living area. The homes range in age from 107 to 127 years old. One comparable has an unfinished basement, two comparables have concrete slab foundations and one comparable has a crawl space foundation. Each comparable has a 2-car garage. The properties have improvement assessments that range from \$20,215 to \$22,344 or from \$14.23 to \$15.45 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparable #2 which differ from the subject in dwelling size and/or finished basement.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, dwelling size and foundation construction. These comparables had improvement assessments that ranged from \$20,215 to \$21,348 or from \$14.23 to \$15.45 per square foot of living area. Board of review comparable #1 is considered most similar to the subject and has an improvement assessment of \$21,348 or \$14.23 per square foot of living area. The subject's improvement assessment of \$18,072 or \$10.90 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
