

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Catherine Ryan
DOCKET NO.: 17-36143.001-R-1
PARCEL NO.: 13-33-301-006-0000

The parties of record before the Property Tax Appeal Board are Catherine Ryan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,690
IMPR.: \$13,400
TOTAL: \$17,090

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 2,234 square feet of living area. The dwelling is approximately 90 years old. Features of the home include a basement with finished area, two fireplaces and a 2-car garage. The property has a 3,690 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family dwellings of masonry exterior construction that range in size from 2,405 to 2,943 square feet of living area. The properties

range in age from 90 to 98 years old. Each comparable has a basement with finished area, including two with a basement apartment and a 2-car or a 2.5-car garage. One comparable has central air conditioning. The properties have improvement assessments ranging from \$11,244 to \$16,446 or from \$4.68 to \$5.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,930 or \$5.34 per square foot of living area.

The appellant submitted a copy of the final decision of the board of review disclosing the property had a total assessment of \$22,456. The appellant reported the subject had an improvement assessment of \$18,766 or \$8.40 per square foot of living area.

The board of review did not timely submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property and was found to be in default. At its meeting on September 10, 2019, the Property Tax Appeal Board denied the Cook County Board of Review's Motion to Vacate Default.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of assessment equity in the record to be the three comparables submitted by the appellant which have varying degrees of similarity to the subject. These comparables had improvement assessments that ranged from \$11,244 to \$16,446 or from \$4.68 to \$5.74 per square foot of living area. The subject's improvement assessment of \$18,766 or \$8.40 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
