

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shannon Rafter
DOCKET NO.: 17-36328.001-R-1
PARCEL NO.: 27-15-215-007-0000

The parties of record before the Property Tax Appeal Board are Shannon Rafter, the appellant, by attorney Scott L. David, of Much Shelist in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,080
IMPR.: \$19,268
TOTAL: \$24,348

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,452 square feet of living area. The dwelling is approximately 35 years old. Features of the home include a partial basement with finished area, central air conditioning, one fireplace and a 2-car garage. The property has a 10,160 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,416 to 2,135 square feet of living area. The homes are either 32 or 35 years old. Three comparables have partial basements with finished area and one comparable has

a concrete slab foundation. Three comparables have central air conditioning, three comparables each have one fireplace and each comparable has either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$16,612 to \$24,948 or from \$11.49 to \$11.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$13,920 or \$9.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,348. The subject property has an improvement assessment of \$19,268 or \$13.27 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with multi-level class 2-34 dwellings of frame and masonry exterior construction that range in size from 1,338 to 1,429 square feet of living area. The homes range in age from 32 to 35 years old. Each comparable has a partial basement, three with finished area, one fireplace and a 1.5-car or a 2-car garage. Three comparables have central air conditioning. The properties have improvement assessments that range from \$22,078 to \$25,092 or from \$16.03 to \$17.56 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #4 along with board of review comparable #4 which differ from the subject in dwelling size, foundation type or unfinished partial basement feature.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and most features. These comparables had improvement assessments that ranged from \$16,612 to \$25,092 or from \$11.73 to \$17.56 per square foot of living area. The subject's improvement assessment of \$19,268 or \$13.27 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
