

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Albritton  
DOCKET NO.: 17-36339.001-R-1  
PARCEL NO.: 19-24-230-027-0000

The parties of record before the Property Tax Appeal Board are Arthur Albritton, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,625  
**IMPR.:** \$6,538  
**TOTAL:** \$9,163

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story, masonry, single-family home containing 1,137 square feet of living area. It is approximately 94 years old and is situated on a 3,750 square foot site. The property is located in Lake Township, Cook County. The subject is classified as class 2-03 property under the Cook County Real Property Assessment Classification Ordinance. The petition indicated the subject property is not owner-occupied.

The appellant contends overvaluation as the basis of appeal. In support of this argument, the appellant submitted evidence listing the Seller as Cook County Illinois, a body politic and corporate, d/b/a Cook County Land Bank Authority ("CCLBA") and the Purchaser as the appellant. The appellant's evidence indicated the subject property sold on November 29, 2016 for \$50,500, or \$44.42 per square foot, including land. The contract indicated CCLBA was created to facilitate the redevelopment and rehabilitation of vacant, abandoned, foreclosed, or tax delinquent properties. Under the terms of the agreement, the appellant was required to cure any

non-compliance of the subject property. CCLBA was also identified as the appellant's lender in this transaction, with loan forgiveness once a certificate of occupancy was issued and upon sale to a third-party occupant. The appellant's petition indicated the property was sold "by owner" through a private listing. The appellant closing statement indicated there were no real estate brokers involved in this transaction and it is unclear if this property was exposed to the open market. The petition also indicated renovations were to occur prior to occupancy but failed to indicate their costs. Based on this evidence, the appellant requested an assessment reduction to \$5,050.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,163. The subject's assessment reflects a market value of \$91,630, or \$80.59 per square foot, including land, when applying the assessment level of 10% as established by the Cook County Real Property Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four sale comparables that sold from June 2016 through December 2016. They ranged in sale price from \$115,100 to \$175,000, or from \$98.74 to \$137.41 per square foot, including land. All of the comparables were located within two blocks of the subject property and are similar to the subject property in size, age and design. Based on this evidence, the board requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the four comparable sales submitted by the board of review. These comparables were similar to the subject in location, age size and features. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$98.74 to \$137.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$80.59 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Additionally, the sale price of \$44.42 per square foot, including land, is well below the range established by the board of review's comparables. The Board gave no weight to the subject's sale due to the fact the sale did not have the elements of an arm's length transaction as it may not have been exposed to the open market and the appellant's evidence indicated no broker involvement. Additionally, the appellant failed to provide any sale comparables to support his market value argument. Based on this record the Board finds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
