

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Hynes
DOCKET NO.: 17-36425.001-R-1
PARCEL NO.: 27-09-123-011-0000

The parties of record before the Property Tax Appeal Board are Jack Hynes, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,750
IMPR.: \$25,000
TOTAL: \$31,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,796 square feet of living area. The dwelling is approximately 35 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and a two-car garage. The property has a 13,500 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,336 to 2,994 square feet of living area. The

dwellings range in age from 46 to 60 years old and have a crawl space foundation, a concrete slab foundation, or a partial unfinished basement. Three comparables each have central air conditioning. One comparable has a fireplace. Each comparable has either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$19,925 to \$24,008 or from \$6.65 to \$8.94 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,207 or \$8.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,016. The subject property has an improvement assessment of \$30,266 or \$10.82 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,400 to 2,800 square feet of living area. The dwellings range in age from 30 to 44 years old and have partial or full basements with one having finished area. Each comparable has central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$29,466 to \$32,087 or from \$11.04 to \$12.98 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review comparables due to the dwellings older age, smaller dwelling size, and/or dissimilar foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4. Except for the dwellings somewhat older ages, these comparables are similar to the subject in location, design, dwelling size, and also lack a basement, like the subject. These two comparables have improvement assessments of \$19,925 and \$24,008 or \$6.65 and \$8.94 per square foot of living area. The subject's improvement assessment of \$30,266 or \$10.82 per square foot of living area falls above the two most similar comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
