

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tighe Reardon
DOCKET NO.: 17-36434.001-R-1
PARCEL NO.: 10-32-301-027-0000

The parties of record before the Property Tax Appeal Board are Tighe Reardon, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,472
IMPR.: \$41,304
TOTAL: \$46,776

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,444 square feet of living area. The dwelling is approximately 69 years old. Features of the home include a concrete slab foundation and a one-car garage. The property has a 4,560 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted limited information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class 2-06 dwellings of frame exterior construction ranging in size from 2,399 to 2,862 square feet of living area. The comparables range in age from 66 to 77 years old. The comparables have improvement assessments ranging from \$37,655

to \$45,032 or from \$15.51 to \$16.50 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$39,104 or \$16.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,776. The subject property has an improvement assessment of \$41,304 or \$16.90 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-06, two-story dwellings of masonry, frame, or frame and masonry exterior construction ranging in size from 2,296 to 2,378 square feet of living area. The dwellings range in age from 67 to 76 years old. One comparable has a partial unfinished basement, and three comparables each have a concrete slab foundation. Two comparables each have central air conditioning, one comparable has a fireplace, and three comparables have either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$38,940 to \$41,948 or from \$16.96 to \$18.11 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 as well as the board of review comparable #3 due mainly to the dwellings' partial or full basements when compared to the subject which lacks a basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are similar to the subject in location, design, age, dwelling size, foundation, and/or other features. These comparables have improvement assessments ranging from \$41,726 to \$45,032 or from \$16.42 to \$18.11 per square foot of living area. The subject's improvement assessment of \$41,304 or \$16.90 per square foot of living area falls below the range of the most similar comparables in this record on an overall basis and within the range on a per-square-foot basis. Based on this record and after considering adjustments for differences from the subject such as dwelling size and age, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
