

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Artur Goclowski  
DOCKET NO.: 17-38554.001-R-1  
PARCEL NO.: 10-20-403-054-0000

The parties of record before the Property Tax Appeal Board are Artur Goclowski, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,306  
**IMPR.:** \$8,194  
**TOTAL:** \$12,500

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 5,940 square foot parcel of land improved with a 65-year old, one-story, masonry, single-family dwelling containing 1,238 square feet of building area. The property is located in Morton Grove, Niles Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted a copy of the settlement statement which disclosed the purchase of the subject on July 11, 2014 for \$125,000.

In support of the equity argument, the appellant submitted five comparables. The comparables are described as one-story, masonry or frame or frame and masonry, single-family dwellings.

They range: in age from 61 to 63 years; in size from 1,192 to 1,316 square feet of building area; and in improvement assessment from \$11.28 to \$12.58 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$22,073 or \$14.35 per square foot of building area which reflects a market value of \$220,730 using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four equity and four market value comparables. The market value comparables are described as one-story, masonry or frame or frame and masonry, single-family dwellings. They range in age from 55 to 59 years and in size from 1,148 to 1,419 square feet of building area. They sold from March 2016 to July 2017 for prices ranging from \$271.32 to \$344.08 per square foot of building area. The board of review also listed the sale of the subject in July 2014 for \$125,000.

The equity comparables are described as one-story, masonry, single-family dwellings. They range: in age from 58 to 65 years; in size from 1,017 to 1,229 square feet of building area; and in improvement assessment from \$16.07 to \$18.56 per square foot of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the purchase of the subject property in July 2014 for a price of \$125,000. The appellant submitted evidence of the sale of the subject. The board of review did not challenge the sale or the arm's-length nature of the transaction and, in fact, included a sale for the subject in July 2014. Based on this record the Board finds the subject property had a market value of \$125,000 as of the lien date. Since market value has been determined, the level of assessment of 10% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply and a reduction in the subject's assessment is warranted. The Board finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
