

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Herman Molina
DOCKET NO.: 17-38591.001-R-1
PARCEL NO.: 13-10-417-036-0000

The parties of record before the Property Tax Appeal Board are Herman Molina, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,334
IMPR.: \$17,836
TOTAL: \$23,170

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,274 square feet of living area. The dwelling is approximately 60 years old and features a concrete slab foundation. The property has a 4,445 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with one-story or 1.5 to 1.9-story class 2-03 dwellings of frame or masonry exterior construction that range in size from 1,222 to 1,510 square feet of living area. The homes range in age from 92 to 97 years old. Three comparables have basements, two of

which have finished area and one comparable has a concrete slab foundation. Two of the properties have central air conditioning and each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$15,799 to \$19,918 or from \$12.33 to \$13.78 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$16,479 or \$12.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" for a property other than the subject property. The equity comparables submitted by the board of review differed from the subject in location, age, design, dwelling size and features. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #4 which have finished basements compared to the subject's slab foundation. The Board gave little weight to the board of review comparables which were associated with a different property than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 which are more similar to the subject in location, design and dwelling size. These two best comparables had improvement assessments of \$16,836 and \$15,799 or for \$13.78 and \$12.44 per square foot of living area. The subject's improvement assessment of \$19,136 or \$15.02 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
