

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Lind
DOCKET NO.: 17-38594.001-R-1
PARCEL NO.: 13-16-424-024-0000

The parties of record before the Property Tax Appeal Board are Julie Lind, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,025
IMPR.: \$21,264
TOTAL: \$27,289

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story frame dwelling with 1,541 square feet of living area. The dwelling is approximately 107 years old. Features of the home include a full unfinished basement and a 1.5-car garage. The property has a 4,635 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject property. The comparables consist of 1-story or 1.5 - 1.9-story class 2-03 dwellings of frame or masonry exterior construction. The dwellings are either 102 or 107 years old and range in size from 1,359 to 1,759 square feet of living area. The comparables each have an unfinished basement. One comparable has central air-conditioning and

a fireplace. Three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$15,042 to \$22,738 or from \$9.26 to \$12.98 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$17,813 or \$11.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,289. The subject has an improvement assessment of \$21,264 or \$13.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables consist of similar 1.5-story class 2-03 dwellings of frame exterior construction. The dwellings range in age from 101 to 105 years old and range in size from 1,452 to 1,536 square feet of living area. The comparables each have a full basement, one of which has finished area, and either a 1-car or a 2-car garage. One comparable has central air-conditioning. The comparables have improvement assessments that range from \$21,283 to \$22,385 or from \$14.40 to \$14.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity with respect to the improvement as a basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparable #1 as its 1-story design is dissimilar the subject's 1.5 – 1.9-story design, and appellant's comparable #4 which appears to be an outlier due its lower per square foot assessment relative to the other comparables in the record. The Board also gives less weight to board of review comparable #2 which has central air-conditioning and finished basement area, superior to the subject.

The Board finds that appellant's comparables #2 and #3 and board of review comparables #1, #3 and #4 were similar to the subject in location, design, age, dwelling size, and most features. These comparables had improvement assessments ranging from \$15,042 to \$22,738 or from \$11.07 to \$14.72 per square foot of living area. The subject's improvement assessment of \$21,264 or \$13.80 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to these comparables for differences from the subject, the Board finds that the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
